| <p>Invitations to known contacts of several OEM organisations including automotive companies and fuel / gas suppliers for the establishment of an industrial advisory board (IAB) to accompany execution of the HyCoRa project, in particular, feedback collection were sent. Some communicated their interest to join the board once they have obtained approval by their management in particular automotive OEMs while a few other organisations awaited the attendance of the first OEM workshop held on 03 October 2014 in Brussels before making a decision on IAB participation.</p> <p>At this midterm stage of the HyCoRa project the confirmed IAB members are AirLiquide, BMW, Daimler, Linde, Shell, and Total.</p> <p>Further contacts to various OEMs (AirLiquide, AirProducts, BMW, Daimler, Hydrogenics, Hyundai, Linde, NPL, OMV, Praxair, PSA, Renault-Nissan, , SAES, Shell, Total, Toyota Europe, Volkswagen, Volvo) were made mainly by email in connection with the invitations to the first OEM workshop.</p> <p>During this workshop, discussions took place with attending representatives of OEMs the outcome of which is reported in the public deliverable D5.3.<br/>Also, the link to the workshop presentations and summary were communicated to these OEMs.</p> <p>Contacts were made again to OEMs during the organisation of the second workshop held on 09 October 2015 in Brussels where technical discussions and recommendations were made.</p> |                           |
